ORDER

This matter comes before the Court on the Receiver's Motion for Leave to Make Distribution By Wire Transfer (Doc. #544) filed on June 8, 2021. The Receiver, without objection from the SEC, seeks to make the authorized distribution to FP Offshore by wire transfer. The Receiver has made distributions from settlement proceeds to approved claimants by check, however this same process will significantly delay FP Offshore from making further distributions to its sub-investors. The Court will authorize the distribution by wire transfer pursuant to the wire instructions provided by Ian Stokoe, a director of FP Offshore.

Accordingly, it is hereby

ORDERED :

The Receiver's Motion for Leave to Make Distribution By Wire Transfer (Doc. #544) is **GRANTED** and the Receiver may distribute funds to FP Offshore by wire transfer.

DONE and ORDERED at Fort Myers, Florida, this 24th day of June, 2021.
