ORDER

This matter comes before the Court on the Receiver's Motion for Court Approval to Update Receivership Books and Records to Recognize Transfer of Claim (Doc. #674) filed on May 11, 2026. The SEC does not oppose the motion. During the process of final distributions, the Receiver learned that Claimant No. 1 had transferred its interest to another entity with the same beneficiaries. The Receiver seeks approval to update the books and records to reflect the transfer and to issue a new distribution check.

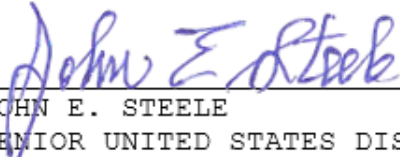

The Receiver obtained a Sworn Agreement and supporting documentation. The motion will be granted.

Accordingly, it is hereby

ORDERED:

The Receiver's Motion for Court Approval to Update Receivership Books and Records to Recognize Transfer of Claim (Doc. #674) is **GRANTED**.

DONE and ORDERED at Fort Myers, Florida, this 11th day of May 2026.
